PRODUCT SPECIFICATION

What is a Marble Alternative Sheet?

Marble Alternative Sheet is a lightweight, durable decorative sheet made from PVC that replicates the look of natural granite or marble. It offers a cost-effective, waterproof, and termite-proof alternative to real stone, making it ideal for wall paneling, furniture, and interior applications in both residential and commercial spaces.

Product Specifications:

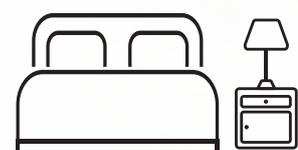

Standard Size: 8 ft x 4 ft (2440 mm x 1220 mm)

Thickness Options: 1.2 mm, 2 mm, 3 mm (custom options available)

Approx. 12 - 16 kg per sheet (varies by thickness)

Finishes Available: Glossy, Matte, Textured,
Marble/Stone/Granite Patterns.
